TO: THE CHAIRMAN AND MEMBERS OF THE URBAN DISTRICT  
COUNCIL OF CLAYTON-LE-MOORS

---

Mr. Chairman, Ladies and Gentlemen,

I have pleasure in presenting the Annual Report on the Health of the District for the year 1972.

The number of births registered for the year was lower than in recent years, whilst the reverse was true of the number of deaths registered. There were two still births in the year and when one is dealing with small populations the Infantile Mortality appears to be exceptionally high.

There were a number of cases of Infectious Hepatitis in the year and there were six new cases of Pulmonary Tuberculosis. Otherwise, the incidence of Infectious Diseases was low.

It is a pleasure to report the help and encouragement given to the department during the year by members and officials of the Council and appreciation must be expressed of the work of your Public Health Inspector, Mr. Wrigley.

Yours faithfully,

P. M. SAMMON

Medical Officer of Health
